

RACKSPACE PRODUCT TERMS FOR PRODUCTS AVAILABLE IN JAPAN

The following URLs are provided for convenience only and are not the Product Terms governing Customer's Services. The Product Terms contained in Customer's Services Order, in addition to Customer's Agreement and any other terms and conditions to which Customer may have agreed, govern Customer's use of the Services.

1. RACKSPACE LINE OF BUSINESS SERVICES.

1.1. The ired SLO/SLA terms are located here: <http://rackspace.jp/information/legal/slo-sla-terms>

1.2. The following are central service offerings offered by Rackspace in Japan and subject to the SLO/SLA terms above:

<u>Service Name</u>	<u>Governing Product Terms</u>
AWS Platform Essentials:	https://rackspace.com/information/legal/aws-platform-essentials
Azure Platform Essentials:	https://rackspace.com/information/legal/azure-platform-essentials
Architect & Deploy:	https://rackspace.com/information/legal/architectdeploy
Cloud Native Security:	https://rackspace.com/information/legal/cloudnativesecurity
Manage & Operate:	https://rackspace.com/information/legal/mando
Rackspace Private Cloud Powered by VMware	https://rackspace.jp/information/legal/rpc-vmware

2. JAPANESE LANGUAGE VERSIONS.

A non-binding Japanese language translation of the above hyperlinked terms may be found at the following URLs, below. For the sake of clarity, the Agreement between Customer and ired is made in the English language only, which will be controlling in all respects. Translation of the Agreement, any Service Order, Product Terms, or other Documentation into a language other than English will have no force or effect whatsoever, and is made and provided for convenience only.

<u>Service Name</u>	<u>Japanese Language Reference Product Terms</u>
